3 Most Important Things to Remember About the G3

First in Support

- ☐ The command's single authority for releasing plans & orders (i.e., tasking authority)
- ☐ Choreographs operational planning and execution, training, readiness, force protection, NBC/WMD defensive operations and force development for the 21st TSC.
- ☐ The doctrinal C2 interface with USAREUK, G3, lateral HQs & Staff and subordinate commands via the LOC & L-COP tools
